

LC+ INTERIOR ARCHITECTS

QUALITY

Because we keep the design and realization in-house, we guarantee quality. Thanks to a precise cooperation with our own indoor interior construction factory Flexstyle Interior Productions, exclusive customization is our strength. We realize our projects turn-key together with renowned preferred suppliers.

ORIGINALITY

Knowledge of contemporary trends combined with timeless qualities is what inspires our young team of designers on a daily basis to answer the most various design challenges. Urban Chique is our style.

DURABILITY

Business and friendly, that's how we build our cooperations. Building and maintaining strong relationships for the future. Transparency in our own organization and insight into that of the client ensure an excellent design and realization.
